A strong, flexible and versatile aerialist, I love to entertain and amaze audiences young and old. My original aerial net act has been a specialty for several years, and I also perform on fabric, lyra, single and double static and dance trapeze, swinging trapeze, Spanish Web and other apparatus. On the flying trapeze I both fly and catch other flyers with the greatest of ease. I am passionate about circus arts, I work hard, and I'm a great ensemble player.
